Groundwater Monitoring

dipperLog NANO

PRESSURE RANGE & CABLE LENGTH CALCULATIONS

X - Maximum expected height of water determines pressure range needed

Y - Maximum depth of Logger determines length of direct read cable

PRESSURE RANGES

dipperLog NANO B (30ft/10m)

dipperLog NANO C (100ft/30m)

dipperLog NANO D (200ft/60m)

dipperLog NANO E (400ft/120m)
